# SURFACES

Designed to suit today's modern lifestyle, our landscape range provides a luxurious synthetic grass surface that adds instant value to your project or home. Made right here in Australia, our turf is created with the most advanced UV resistant yarns to withstand the harshest of Aussie summers. Meaning greater, year-round comfort.

# OUR LANDSCAPING SERVICES

Our landscaping range features 7 Australian made surfaces, including our all natural looking Down Under range and the colourful Sports range. All our turf products are drought resistant, easy to manage, and are designed to look and feel as close to real lawn as possible.

**DOWN UNDER  
25MM**

Made with new, softer yarn. 25mm pile height combines real lawn look with affordability.

The use of state of the art UV protected yarn ensures great durability and comfort.

Suitable for commercial and landscape applications.

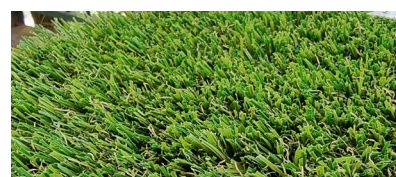

**DOWN UNDER  
35MM**

Made with new, softer yarn. Lush 35mm pile giving a real lawn look. Using state of the art UV protected polyethylene multifilament yarn provides a durable and hassle free lawn.

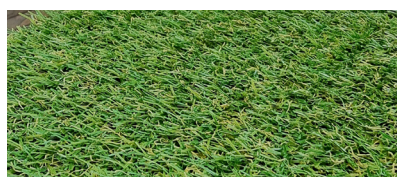

Suitable for commercial and landscape applications.

**DOWN UNDER  
40MM**

A very natural looking product providing great durability and comfort using state of the art Polyethylene multi filament yarn. The UV protected turf will outlast harsh weather conditions and allow for a hassle free lawn which does not require mowing or watering.

**BERMUDA**

The ultimate natural realistic artificial grass appearance. Using state of the art UV protected polyethylene multifilament yarn provides. Suitable for commercial and landscape applications.

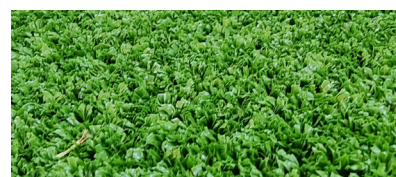

**PUTT PUTT**

Putt Putt is a very versatile putting green turf, providing flexibility in terms of speed management and playing characteristics.

# WHY CHOOSE AUSTRALIA'S FASTEST GROWING SYNTHETIC TURF MANUFACTURER, DOWN UNDER TURF SOLUTIONS?

We pride ourselves on being the innovators when it comes to the research, development and manufacture of synthetic grass surfaces. We source the best raw materials from around the world to create our turf, ensuring quality and durability once laid.

We have pride in our products and control the whole production process, from initial concept to production, distribution and installation, ensuring the highest quality standards are maintained.

We offer a personalised service to ensure your synthetic turf requirements are met the first time, every time. We have a network of registered landscapers located throughout Australia who are ready to assist you in the installation of our surfaces.

We are proudly Australian owned and manufactured, and all our synthetic surfaces are made at our state of the art factory located at Yatala in South East Queensland.
